MAINTENANCE & CLEANING

Maintenance

Each time before putting the Wardcare accessories and peripherals into service the user must check for -

- Lubrication of all the mechanical joints / pins / moving parts / tightening of the bolts are done properly, to avoid unnecessary play, sound and wear & tear of the Wardcare accessories and peripherals.
- Visual inspection for any mechanical damage (e.g. loose /missing rivets, screws, etc.)
- If any damage or malfunction is observed, immediately report this matter to the operator.
- If the Wardcare accessories and peripherals is not in use, it should be stored in a dry and rodent free indoor environment on a flat surface with gradient not more than 5 degrees.
- If the Wardcare accessories and peripherals is not in use for long term, it is necessary to conduct a test to check for functioning and any mechanical damage that may have been caused.
- Depending on the usage, certain moving parts may require replacement due to wear & tear. We recommend timely replacement with original spares for safety and trouble free operation.

Any kind of fire source should be prohibited near the mattress / cloth material to avoid any fire hazard as these materials do not have flame retardant properties.

Cleaning & Disinfecting

- The Wardcare accessories and peripherals are not suitable for machine wash or steam cleaning.
- Do not use water jet for cleaning.
- The Wardcare accessories and peripherals cannot tolerate the influence of strong solvent, basic or alkaline liquids & caustic agents.
- The cleaning agents must not contain any substances which bring about any change in the structure or adhesive property of the plastic.
- The Wardcare accessories and peripherals should be properly cleaned and disinfected at regular intervals to avoid infection and stains. Immobilize the Wardcare accessories and peripherals & remove all the detachable accessories and components before cleaning.
- We recommend use of approved disinfectant and cleaning agents to clean the Wardcare accessories and peripherals. Take extra care to clean areas that may trap dust or dirt. All detachable accessories and its component can be cleaned separately.

Do not expose the Wardcare accessories and peripherals to excessive moisture as corrosion may cause personal injury or equipment damage.

Disposal:

Product and its defective parts especially elements made of plastic, steel, rubber, curtain cloth material should be disposed off in accordance with the statutory rules and regulations prevailing for such disposal. The user is advised to contact Janak Healthcare Pvt. Ltd. for further assistance.
